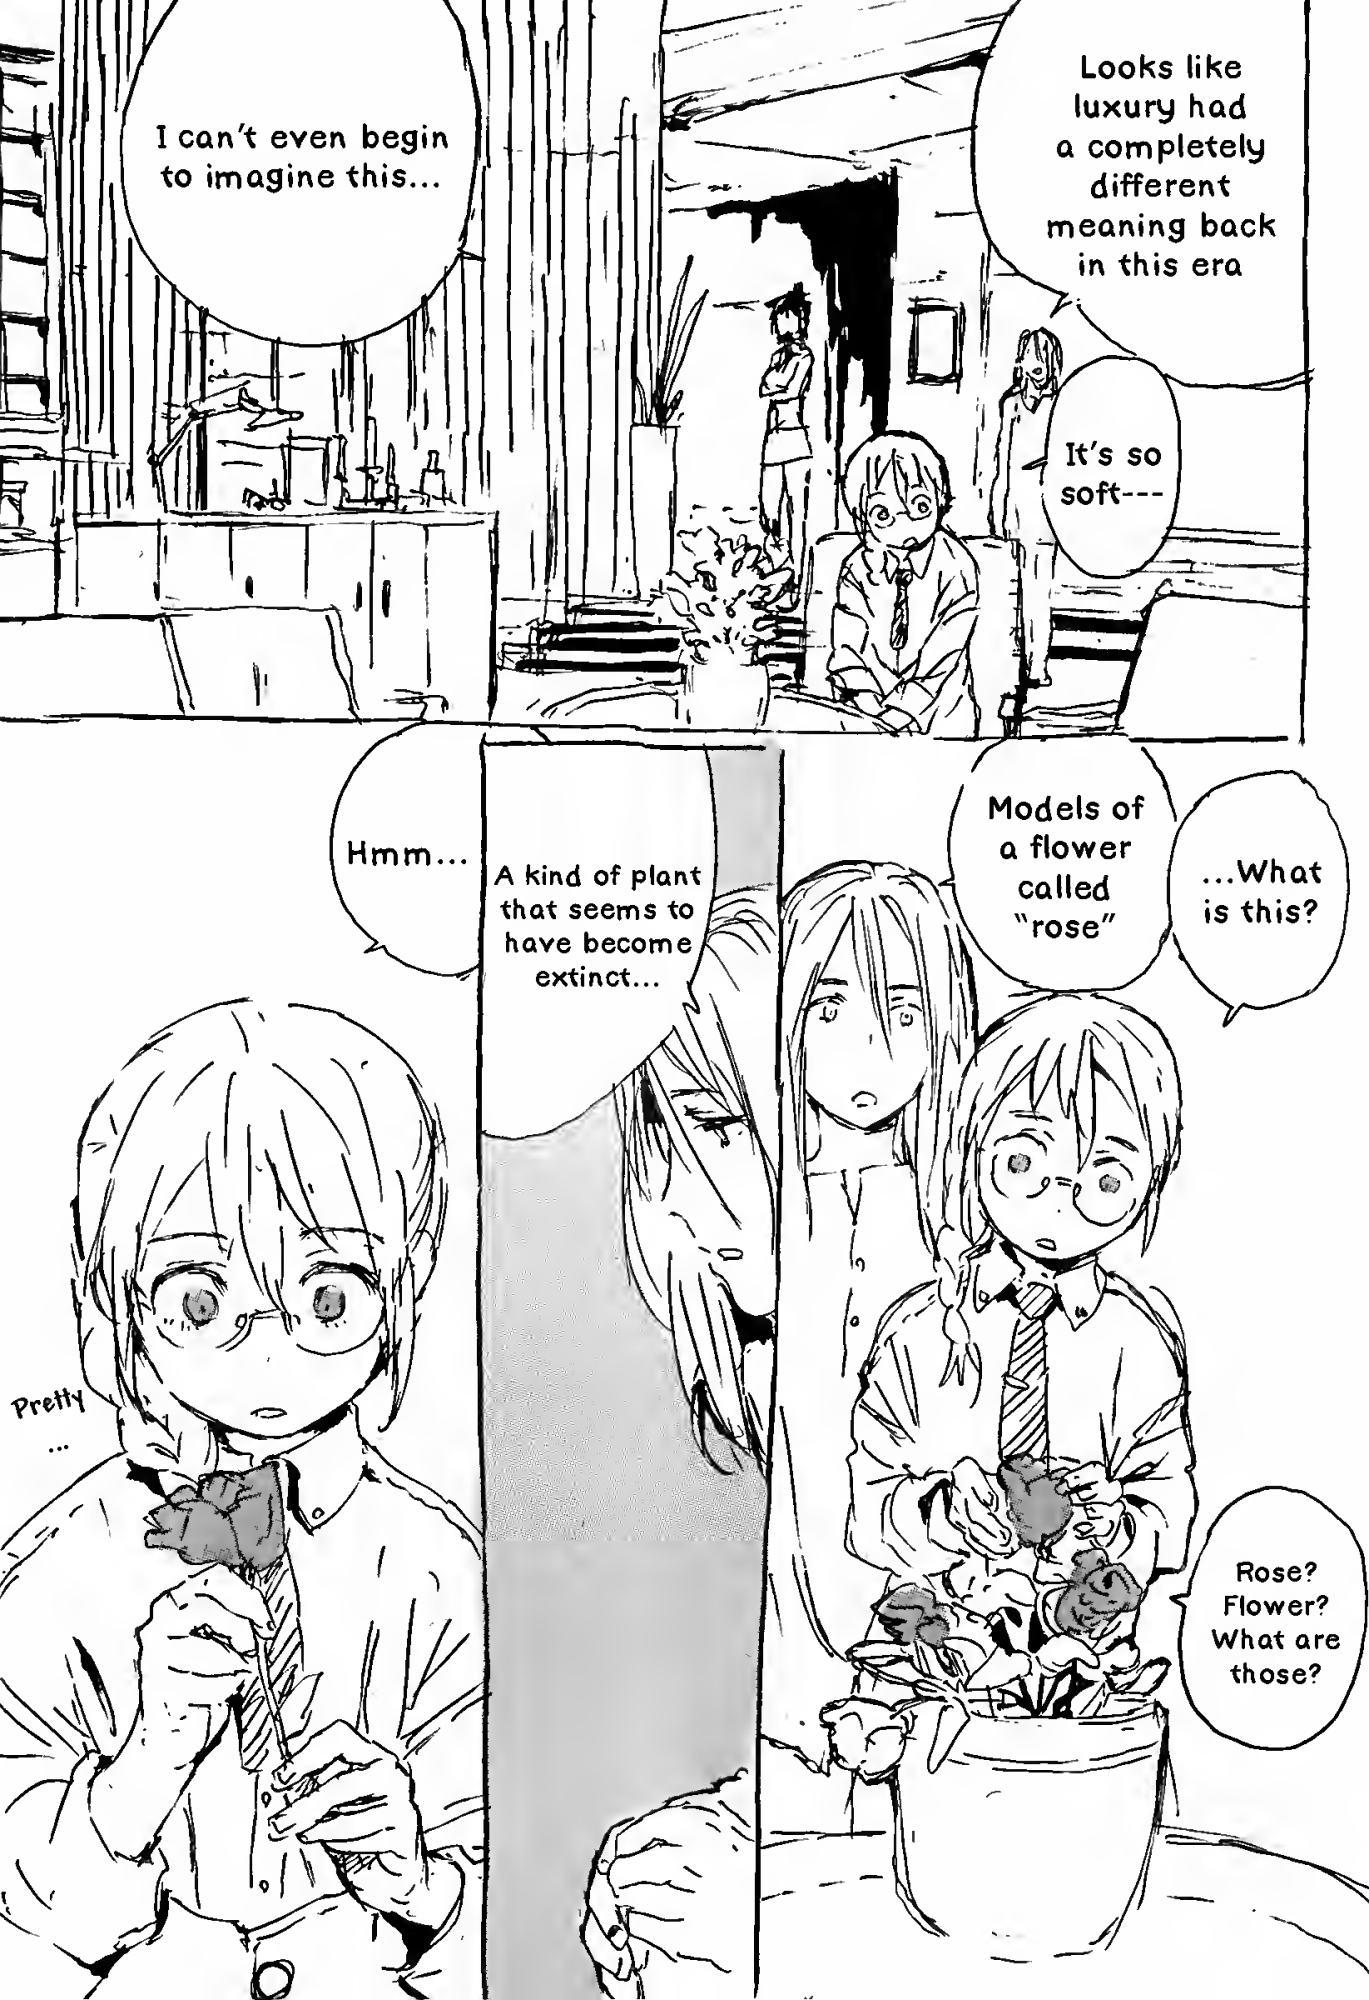
So...
Spare
That fits perfectly on you! This should work...!
My family has always been looking for a way to open it, but I finally found it in a book
About the door that I talked about---
How is this the key to the door?
Umm
What's with these clothes...

This...
...
Diary
"I made the key out of necessity, but it really is embarrassing for me to dress up like this at this age"...and so on
The hints were in the owner's diary. She wrote "I can't fit into the key anymore,"
.....Hmm
In other words, these clothes are the key itself!
Out of the clothes here, these are the strangest

Here
So... what do we do?
Just stand in front of the door
It'll open if it recognizes you
Wow---
I wore it too, but it didn't recognize me. I think it discerns gender---
You wore it?
Ah

Let's go inside!!
So I didn't have to change at all
...
Identity authenticated
Ah
Sounds like it opened
Did the owner of this place have a special body type?
Even if you ask me...
ヒソヒソ
You two!
.....
Okay

Ohh--
...Did all of this belong to her?
Wow

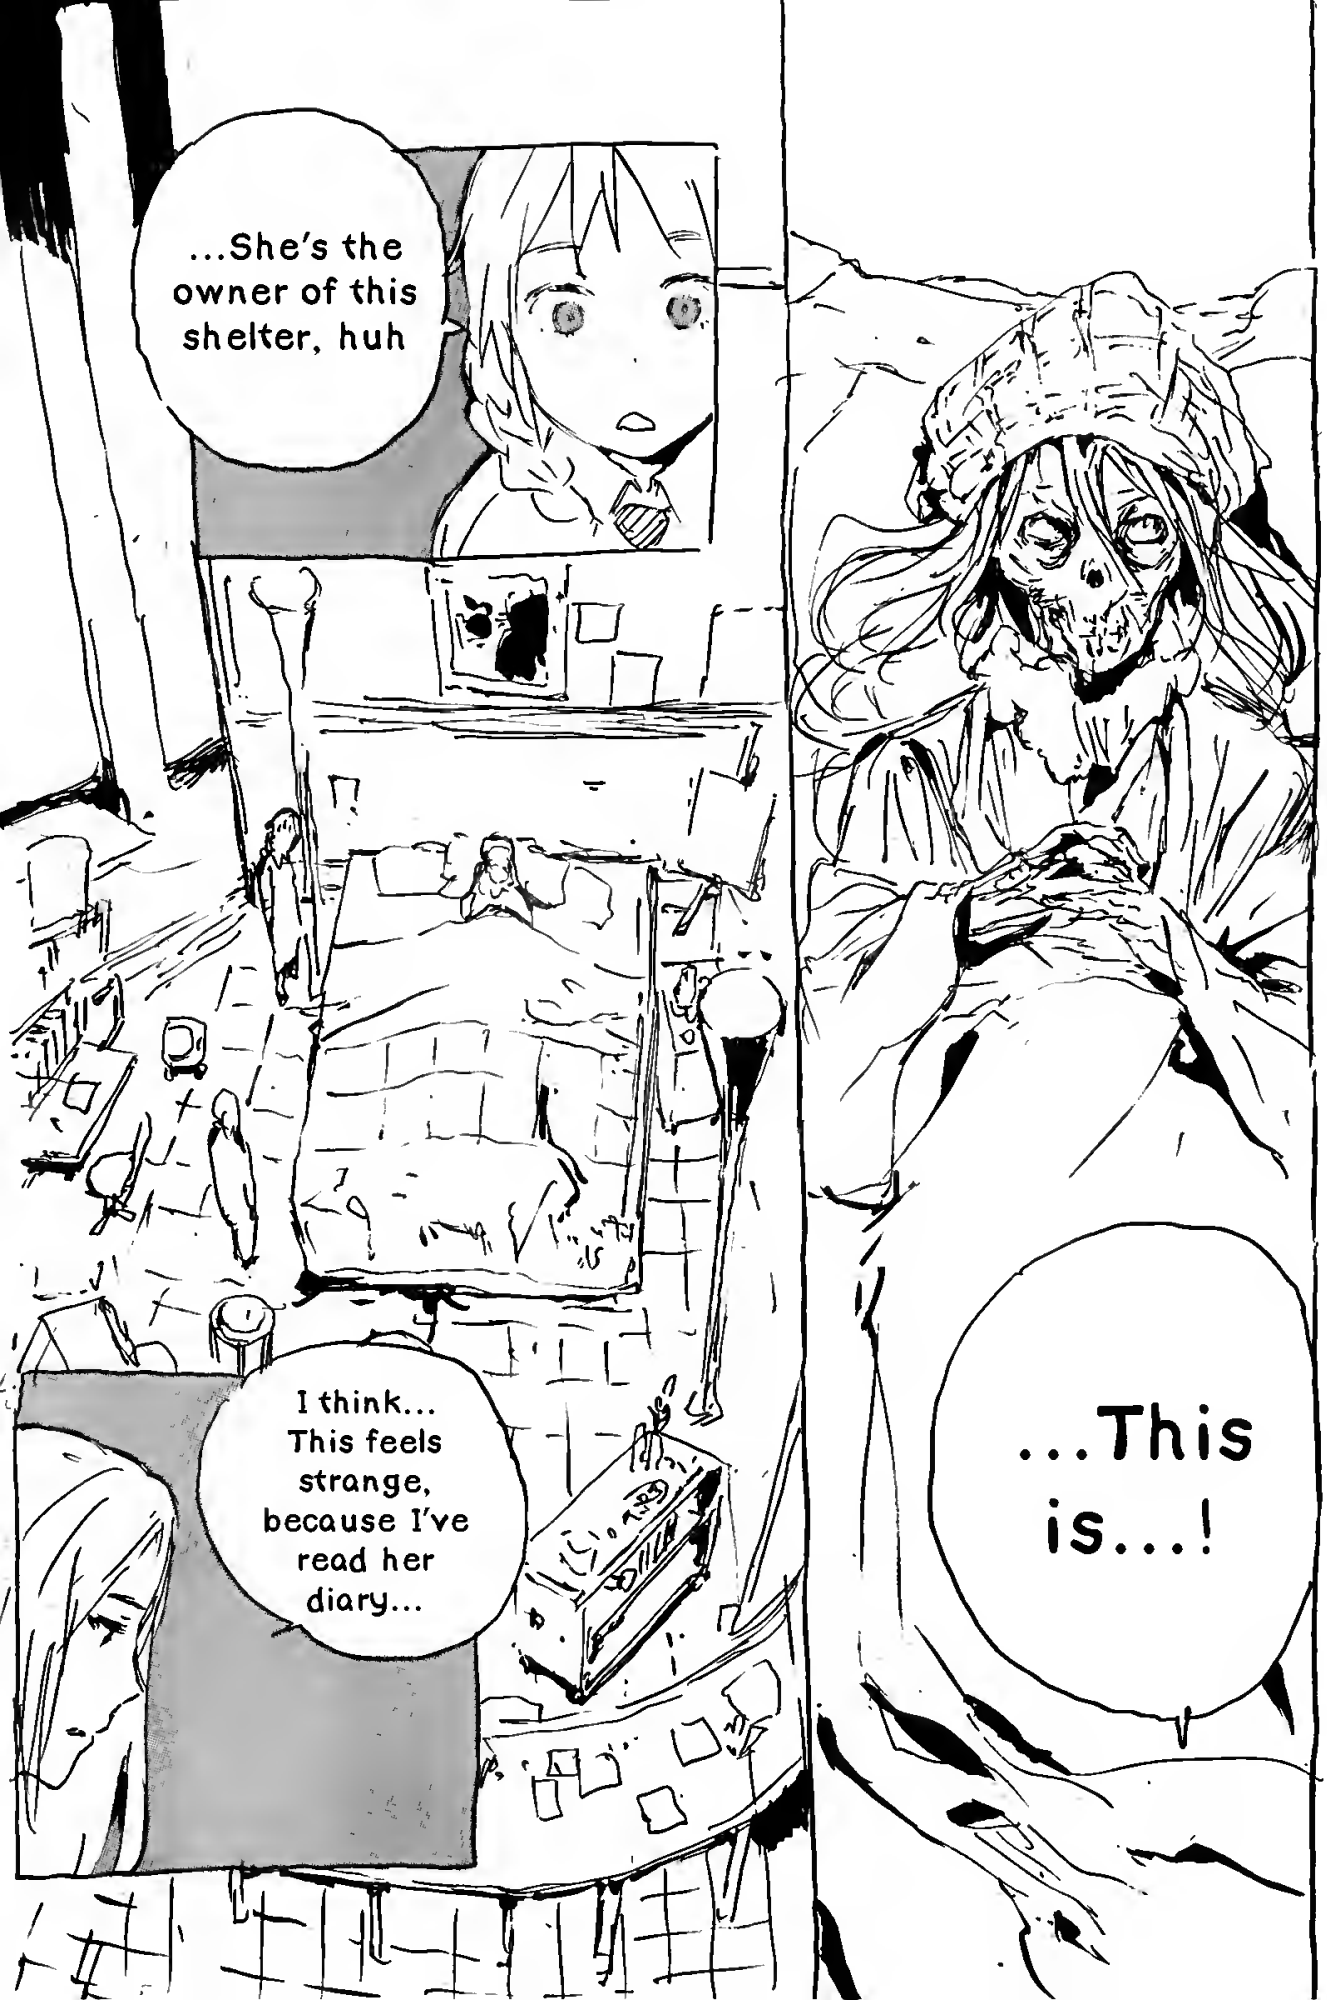


I can't even begin to imagine this...
Looks like luxury had a completely different meaning back in this era
It's so soft---
Hmm...
A kind of plant that seems to have become extinct...
Models of a flower called "rose"
...What is this?
Pretty ...
Rose? Flower? What are those?

Now that I've confirmed my theory and opened the door, I'm satisfied
.....
Now,
What will you do?
Hm...
but... I think I would learn more about the "other world" that Grampa talked about
I feel bad for looking through her house,
So let me look around...
.....
Okay!!
DUD

Balthazar Michel-Clotho ...Augh
Balthazar Laura VI
Too long!!
Hey---
What's your name?
I'm also interested in the "other world" you're looking for
Ah!!
Please let me help you
Thank you...
...
...

I'll go on ahead
Hey
?
Come here for a minute
Ah... Okay
She doesn't remember my name, huh...
Hey, hey, Bal-tan
Nothing good will come of it
Don't let her know what she doesn't need to know
...Then why don't you stop her?
I don't want Mikko to hate me
Oh
.....



...She's the owner of this shelter, huh
I think... This feels strange, because I've read her diary...
...This is...!

She died here alone, huh...
Death scares me and makes me sad,
but this place is lighted and clean... so it's not scary...
What do you think, Balsen?
Doesn't remember my name
Looking at her skeleton makes me feel as if someone close to me had passed away--- I had always wanted to talk to her when I meet her...
It makes me
...I felt like I was talking to her through the diary---
a little sad
Balto...

The lights...
?
What is this?
!
What's this?
A board?
Wah

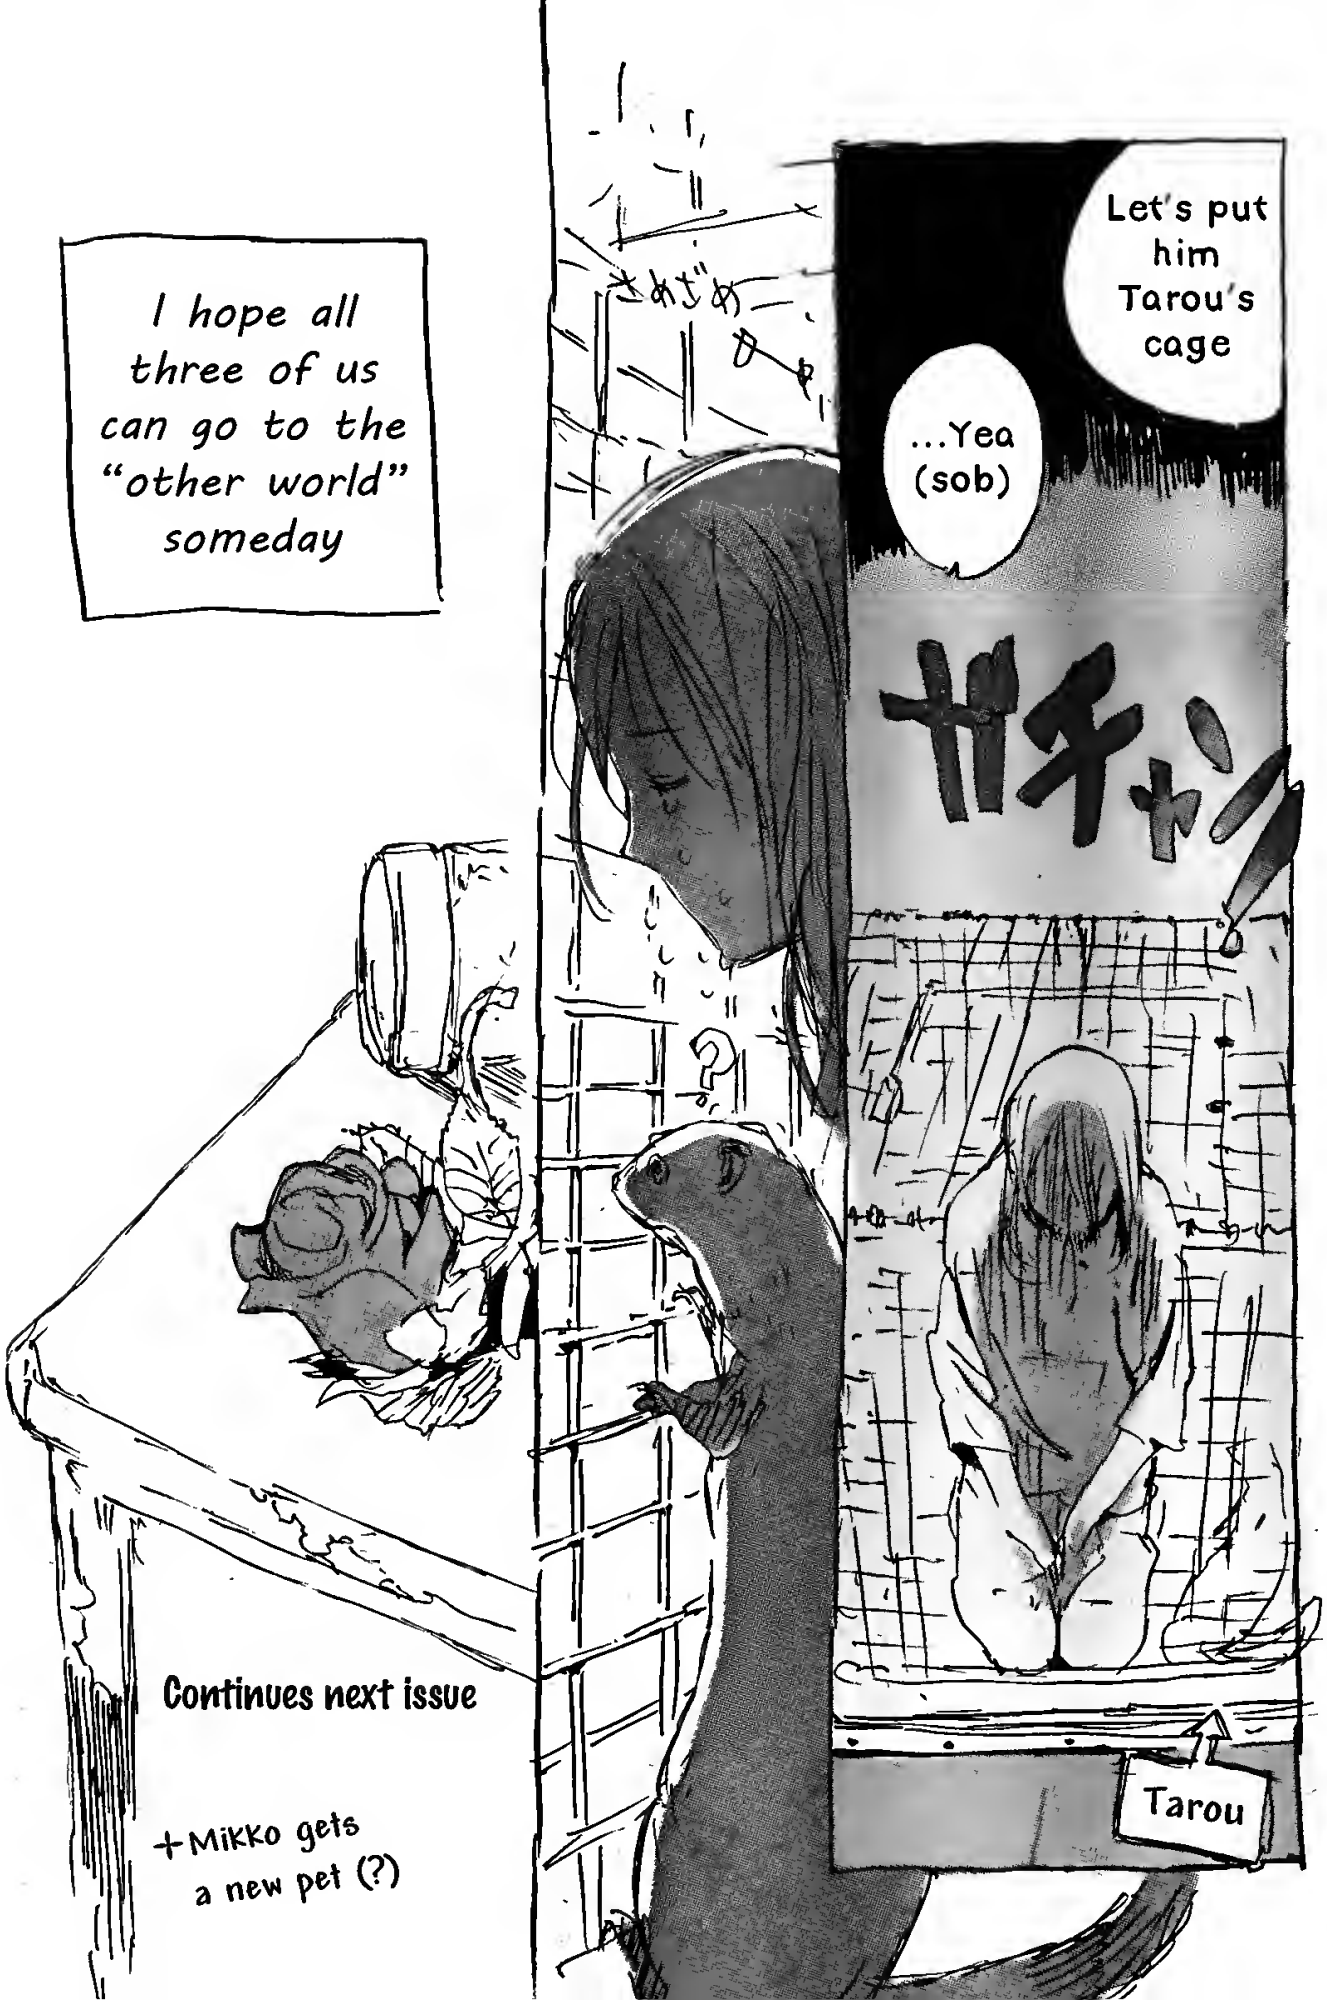
Happy Birthday
!!
This is the first time I've seen one myself, but just think of it as a record of past images
"Video"...?
Foo
what's called a "video"
Thanks, papa
There's someone on the board...
This is...
What a cliché reaction
Congrats, Laura

They're all memories of the lost past---
Thanks, everyone
John, come here
Animals, food, and items that I've never seen before

Let's go play outside!!
woof

Surface...
This is probably... called the "surface"
...Is this the "other world" that Grampa talked about?
.....

After that---
he came to live
in our village
Big Sister
opposed the
idea at first,
but he's too
lonely after all
After Big Sister
and I leave,
he would be all
alone again…
Uwah---
.....
Balkan~
uwahh--
He suddenly
came to
my side of
the bed while
we were
sleeping
Are you a
beast...
it's hard to
resist her
appeal...



I hope all three of us can go to the "other world" someday
Let's put him Tarou's cage
...Yea (sob)
ガチャン
Tarou
